ARPENTER, Secretary and Treasurer

FIGURE, NEW BERN, N. C.

## *Why You Should Drink Pepsi Cola*

Pure cane sugar, carbonated spring water, fruit juices, acid phosphate and flavoring—that's PEPSI-COLA. No mystery in its recipe; just a proper blending of ingredients—a delightful, wholesome beverage, as beneficial as it is refreshing, as invigorating as it is thirst-quenching. Some people call it a "Liquid Confection." It is the kind of drink you would make at home—if you could!

# PREFACE

Furnished by the

NEW BERN CHAMBER OF COMMERCE

W. F. Aberly, President.

Population U S Census 1910, 9,961

Opportunities, Advantages, Attractions and Resources.

New Bern was founded by the Swiss settlers in 1709 and for over two centuries it has enjoyed steady growth and increasing prosperity and happiness, which naturally blesses a community. Ideally located, made up of energetic, inventive and thrifty people, it is now rapidly growing in greatness; commercially, financially and in point of quickened civic spirit.

New Bern was named after Berne Switzerland, which means "Bear" in the Swiss language. The entire South is throbbing with a new and mighty energy and a great development of her unbounded resources and opportunities. The commercial awakening of the South is very significant. It is claimed to be increasing at a rate conservatively estimated over \$7,000,000 a day. New Bern is splendidly playing its part in this theatre of progress and prosperity.

New Bern is located at the junction of two beautiful, deep rivers—Neuse and Trent—near the entrance of Pamlico Sound and 35 miles from the Atlantic Ocean. It is in the center of the great cotton, lumber and agricultural belt of the South Atlantic Seaboard. It is 87 miles northeast from Wilmington, 197 miles south-east of Raleigh, 171 miles south from Norfolk and 377 miles south of Baltimore.

New Bern is reached by the Atlantic Coast Line Railroad, the Norfolk Southern Railroad and by water. There is double daily service in all directions; only one hour's ride to the mighty Atlantic, 6 hours to Norfolk, 10 hours to Richmond, 15 hours to Baltimore and 19 to New York.

New Bern has grown nearly 100 per cent in population the past ten years. The population now is conservatively estimated to be 16,000.

New Bern has unsurpassed climatic conditions. A happy medium between the blizzard beaten and drouth scorched North, West and Northwest and the enervating climate of the South. It is only 57 miles from the Gulf stream, insuring a mild and delightful

climate the year round—abundant sunshine, moderate temperature and an ample and well distributed rainfall. Mean annual temperature 63; annual rainfall 55 inches.

New Bern owns its water works system and electric light plant. It has 9 miles of sewers, 25 miles of paved sidewalks, 11 miles of paved streets and other modern conveniences in keeping with cities twice the size.

New Bern has an excellent health record. The death rate is as low and longevity as great as any place in the State. Drinking water is supplied from deep artesian wells, is wholesome and under sanitary regulation. A modern sewerage system is in operation.

New Bern has four banks, with combined capital and surplus of \$540,000 and deposits of \$3,000,000. It also has a Morris Plan Bank and two building and loan associations. Banking institutions are the backbone of a community. No banking houses in the State look after the interests of their depositors more considerately and liberally than do the banks of New Bern. Well conducted banking houses are one of the greatest assets a growing community can possess and New Bern has them. In three United States Liberty Loan campaigns for prosecution of the war against Germany the New Bern banks subscribed one million two hundred and fifty thousand dollars, which was a large over-subscription.

New Bern is noted for the manufacture of the celebrated North Carolina pine lumber, as well as other varieties for which it is famous. Several of its mills are the largest and best equipped in the country. New Bern ranks first in the production of lumber in North Carolina, producing approximately 200,000,000 feet annually.

New Bern is the second largest fertilizer manufacturing center in the State, the annual output being near 100,000 tons.

New Bern also has a large cotton oil mill and factories manufacturing boilers, machinery, boxes, barrels, agricultural implements, etc. It also has the Norfolk Southern Railroad shops.

New Bern has first class mercantile establishments that carry a full and complete line of goods. They are guided in their dealings with the public by courtesy and service. New Bern has the largest department and furniture stores in Eastern North Carolina.

New Bern is well equipped with a modern school system, most efficiently administered by Prof. H. B. Smith, the superintendent, and a corps of able assistants. New Bern is proud of its educational advantages.

New Bern is blessed with a full complement of churches of practically all denominations. The Methodists, Presbyterians, Baptists, Disciples, Episcopalians, Roman Catholics, Hebrews and Christian Scientists all have their houses of worship.

New Bern has a good system of government, which is economical-ly and efficiently administered.

New Bern has two daily and two semi-weekly newspapers that

are ably managed and edited and which are superior in general make-up to papers published in much larger cities.

New Bern is surrounded by most excellent hunting and fishing. There are 30 square miles of water for boating and fishing within 16 miles of the city. All kind of game are to be found in the woods around. The New Bern section offers the greatest pleasure to sportsmen. The fish and oyster market of New Bern is widely known.

New Bern has the greatest national advertiser in the Pepsi-Cola Company, which uses 64,000,000 bottle labels and crowns annually, with New Bern printed on them, and which are distributed throughout the country.

NOW THAT THE NEW DIRECTORY IS OUT

# TAKE THE OLD DIRECTORY HOME

## YOUR WIFE

will find the names and addresses of many friends, She will tell you that the Directory is just the thing for invitation lists.

## YOUR DAUGHTER

will be glad to have ready information on how to get to strange addresses, Church Data, Club and Organization Statistics, Postal Regulations, Etc.

## YOUR SON

will find it both interesting and instructive. When he grows up he will know where to quickly find information business men need.

## YOUR MOTHER

will read the carefully prepared introduction and marvel at the way the city is changing.

## YOU

may use it yourself to settle the identity of persons mentioned in newspapers; discussions that come up in the homes, and for many other purposes. Try it.

## Statements that are not Questioned.

The City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers Guide on earth. A modern up to date method of getting what you want. Polk.

# *Beware*

Of the fake directory man, he will get you sure if you have any dealings with him. Thousands of dollars are being collected by swindlers and nothing given in return. Unless you know the Directory people with whom you are dealing, refuse to sign any contracts or paid vouchers. If you are in doubt communicate with us.

## *Standard Preparations Sold on Merit*

**F. S. DUFFY'S ITCH OINTMENT** cures Itch, Mange, and all Itchy or Scaly Eruptions of the Skin, Dandruff, etc.; Inflammatory or Itching Piles, Ascariæ, Thread Worms, of the Rectum, Ringworm, Tetter, Chafes or Irritated Skins, Burns, Scalds, Chaps, Sores, Galls, scratches on Man or Beast, and Skin Diseases generally. An excellent application for Poisonous Bites of Insects, Poisoning from contact with Poisonous Plants, etc.

**DR. DUFFY'S ANTI-BILIOUS PILLS.** These Pills are a safe and effectual remedy for relieving constipation and indigestion, promoting a healthy action of the biliary system and maintaining that disposition of the intestinal canal so necessary to the existence and continuance of health.

### OUR OTHER STANDARD PREPARATIONS

Dr. Duffy's Tonic Mixture, Dr. Duffy's Iro-Quin, Dr. Duffy's Pain Destroyer, Dr. Duffy's Diarrhoea Cordial, Dr. Duffy's Liver and Kidney Regulator, Dr. Duffy's Cough Killer.

For sale at all first-class Drug Stores. If your Druggist cannot supply you, drop us a postal and we will let you know the nearest point where they can be had.

## **The F. S. Duffy Medicine Company**

NEW BERN, N. C., U. S. A.

## **Old Hats Made New**

We are prepared to clean and block old hats, making them like new.

### MAKE LAST YEAR'S HAT DO ANOTHER SEASON

The government is urging that we avoid unnecessary expenditures or buying unessentials. Have your old hat made new, save the price of a new one and save the labor that would have made your new hat to make necessaries for the government.

We can save you real money by reblocking and cleaning your last summer's hat now.

We clean and block felt, derby or any other kind of hats. Panamas a special!

Prices on request.

## New Bern Cotton Oil and Fertilizer Mills

NEWBERN, N. C.

Buyers of Cotton Seed and Manufacturers of Cotton Seed Products.

## Get YOUR Share of the High Prices for ALL Farm Products

To get these profits you **must** make every acre on your farm produce its greatest possible yield.

The judicious use of good fertilizers in addition to good soil preparation, well-selected seed, thorough cultivation, is **necessary** to accomplish these results.

### Profit by Ordering Your V-C Fertilizers Now

To get **your** fertilizers in time to bring to you all the above very desirable results it is essential that you place your orders early for the fertilizers you are going to need. Freight cars are very hard to get from the railroads on account of the unprecedented demand for cars to move manufactured products of all kinds all over the United States, and to our ports for export. Order now. Don't put it off. To delay may mean you will get no fertilizers at all.

#### The Car Shortage in the United States was as follows:

|                           |         |
|---------------------------|---------|
| September 1st, 1916.....  | 19,000  |
| October 1st, 1916, .....  | 60,000  |
| November 1st, 1916, ..... | 108,000 |
| December 1st, 1916,.....  | 112,000 |

The spring shipments of Fertilizers required 300,000 railroad cars.

"Make Your Soil and Crops Pay More" by using V-C Fertilizers.

*Why not V-C Now?*

Box 1616, Richmond, Va.

## BETTER FARMING

### Order Fertilizers Early

Railroad Service is a Serious Problem Fertilizer Dealers Should Accumulate Orders So That Full Carloads Only Shall Be Shipped Railway Authorities Say Fertilizers Can Be Handled in Half Number of Cars Ordinarily Used - A War Measure.

FARM SERVICE BUREAU, ATLANTA, GA.

C. A. Whittle

The world is hungry. To get more food is an alarming problem. How can the farms produce more food when labor is so scarce?

(C. L. R.)

How can more acres be planted to food crops or how can more work be given the acres already planted without more labor?

Increase of labor is hardly to be expected, but there is one important means of help which the farmer has been utilizing in the past and that is Fertilizer. But this too is beset with difficulties.

Fertilizer can increase production without increasing labor except at busy seasons. The warring nations appreciate this fact, and are giving all the encouragement they can to the use of fertilizers.

The railroads can't do the business expected of them unless every freight car is loaded to full capacity. To load them to full capacity the fertilizer dealer must have enough orders in to make up a full car load before he can reasonably hope to get a shipment. The earlier the carload orders are placed the better chance, of course, of getting a shipment. Because of the shortage of equipment, the railroads should have as much time as possible to plan for moving the fertilizer. Early orders will give them a knowledge of the number of cars that will be needed.

### GOVERNMENT AUTHORITIES BACKING IT

The National Council of Defense has sent out a bulletin on this very subject, urging farmers to order their fall fertilizers early so full carload shipments might be made and the largest amount of human food produced.

The United States Department of Agriculture through the States Relations Service and Bureau of Soils; and agricultural colleges and county agents, are advising the same.

The railroads are very urgent about the matter. The fertilizer manufacturers are offering to help the dealers and farmers as much as possible to overcome the transportation difficulties.

### HALF CARS CAN BE SAVED

Railway authorities have statistics to show that half of the cars ordinarily used for hauling fertilizers could do the business, if only they are loaded to their maximum capacity.

Where a full car load can not be made up for one destination, then it is to be filled with orders for neighboring stations along a railroad.

## MORE WHEAT AND OATS

Farm Service Bureau, Atlanta, Ga.

Each section of the country will be expected to take care of its share of wheat and oat production. Discouragement from the winter kill of the last season and labor conditions make the task of keeping up production no small one, but the country needs more of these crops if it is to take care of itself. The prices which they are bringing, of course, do not discourage production.

Even if the acreage cannot be increased the prices which the small grains are bringing justify the very best seed bed preparation and the maximum use of fertilizer.

Growing cereals, of course, do not require as much labor as growing corn, it is true, but corn will take its turn on every well planned farm.

The scant oat crop should be husbanded for seed this year. No oats are as good for planting in the section where grown as those grown in that section. The same is true of wheat unless in a given section the best variety for that section has not yet been used.

Good seed should be ordered early. Unless fertilizers are ordered early, so that dealers can ship only in full carload lots it is quite probable that farmers will be disappointed when seeding time comes. The railroads will probably have more than they can do even with full carload shipments. It is a national necessity to

E. M. GOULD, St Louis

W. G. TORCHIANA, Philadelphia

B. D. ANNEWALT, Cleveland

D. W. BOWMAN, Akron

A. B. BOYD, Reading

W. L. RICHMOND, Yonkers

## THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

FIRST:—To improve the directory business by the interchange of ideas, and by the exchange of competent employees

SECOND:—To protect the public against fraudulent advertising schemes, operated under the name of directories, and to drive the promoters of such out of the business.

THIRD:—To provide permanent and continuous employment for honest and faithful directory canvassers.

FOURTH:—For the mutual advancement of the established and prospective interests of all who may become members of the Association.

## \$ 1 0 0 R E W A R D

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent Directories, provided the conviction results in imprisonment of not less than 6 months. In case of arrest immediately telegraph THEO. F. SMITH, Sec.-Treas., St. Paul, Minn. or

J. B. DAWSON.....*Managing Editor*

H. W. KENDALL.....*City Editor*

# City Directory Don'ts

**DON'T** put your Directory in an out of the way place, but keep it in a place that your customers can see and use it without stopping some ONE to find it.

**DON'T** think that a Directory is paying for itself unless you use it more than an idle clerk can make you money.

**DON'T** look mad when a customer asks to look at your Directory.

**DON'T** look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow again and if all were borrowers, when would the next Directory be published?

**DON'T** forget that an up-to-date city must have a Directory and a merchant that has no **DIRECTORY** is what?

**DON'T** forget that a Directory borrower to-day will forget to return it to-morrow and you call him what?

**DON'T** forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

---

When a man advertises his business it is conclusive that he is not ashamed of it, especially if he does his advertising in the Wilmington City Directory.
